

JANUS

IN THE GARDEN OF JANUS BIFRONS, DUALITY REPRESENTS TWO DISTINCT PATHS THAT REFLECT THE DICHOTOMIES OF OUR TIME. DIVIDED INTO TWO OPPOSING REALITIES, ON ONE SIDE THERE IS A GRAY AND INERT SETTING, REFLECTING A PATH WHERE NATURE IS STIFLED BY IGNORANCE OF CLIMATE CHANGE. ON THE OTHER, AN ECOLOGICAL AND LUSH VISION MANIFESTS, REPRESENTING A SUSTAINABLE EDEN. AT THE CENTER OF THE GARDEN, A SYMBOLIC HILL CONNECTS BOTH UNIVERSES, INVITING REFLECTION ON OUR ROLE IN SHAPING THE FATE OF THE PLANET THROUGH CONSCIOUS ACTIONS. THIS DESCRIPTION HIGHLIGHTS NOT ONLY THE PHYSICAL DUALITY OF THE GARDEN BUT ALSO THE REFLECTIVE INVITATION TO VISITORS, URGING THEM TO CONTEMPLATE THE CHOICES THAT WILL DEFINE OUR RELATIONSHIP WITH THE ENVIRONMENT.
